My Graduation Prayer

*The years, they come and go.
Good friends they pass away.
Time won't wait for tears
but memories are here to stay.*

*Gather your minds,
Show all you care.
Won't you all stay near?*

*Spending all my days
Searching deep inside
Trying to find the reason
That we all try to hide.*

*Reach for the sun,
I know that you'll go far
But be as you are.*

*Stop to think awhile.
No one can ever stop your smile.
Let it shine, let it shine on through
There's a lot in life for you.*

Principal's Message

It has been said that man uses only a small percentage of his intellectual and physical abilities in the normal course of events. It has also been said that given normal intelligence a person can become anything he wishes if the sense of purpose, the determination and the dedication are strong enough. It is the attitude that embraces the refusal to be defeated that spells success in our world.

I challenge the members of the Class of 1976 to set your goals high, to use your intellectual and physical energies with a relentless passion for excellence and truth in whatever you do and never accept defeat as you pursue your particular rainbow.

Stand prepared to work hard, to master basic skills, to postpone the easy rewards for the more satisfying longer range goals and to make some personal sacrifices.

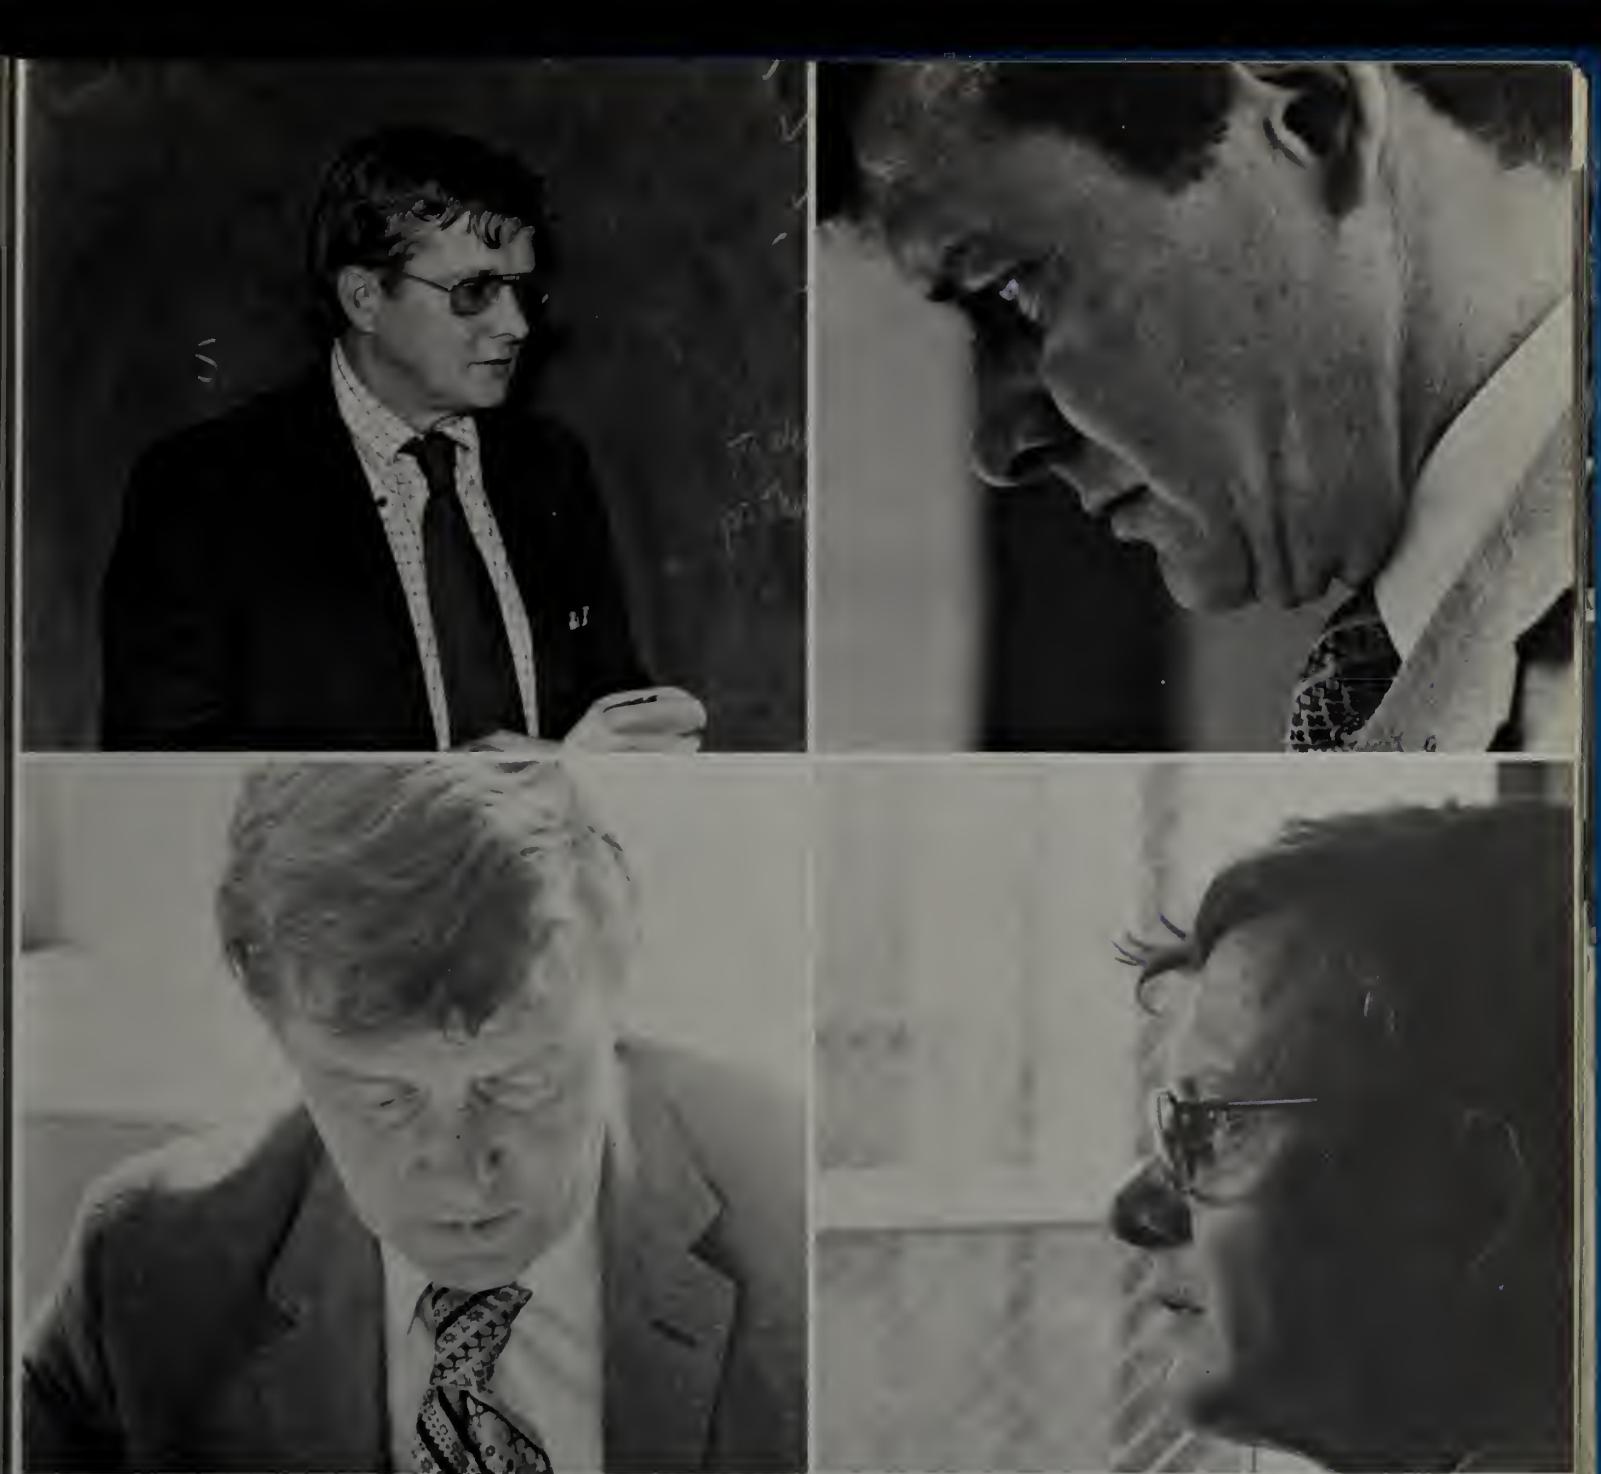

Best wishes for a secure and successful life to members of the Class of 1976.

Sincerely,

Raymond U. Osborne

This book is dedicated to Mr. Robert O'Brien

We thank you for teaching us English in a way that we enjoyed.

We thank you for four years of dedicating your free time to the creation of good yearbooks.

We thank you for your sense of humor and patience.

But, most of all, we thank you for understanding us and for being our friend.

In February of 1975, Carolyn Kiley left Wakefield to embark on a year-long AFS experience. She travelled to Costa Rica where she lived with Mr. and Mrs. Paulino Mora-C and their five daughters and one son. Carolyn became a true member of the family, participating in all sorts of activities as well as taking on family chores.

For one year, Carolyn spoke almost nothing but Spanish. School in Spanish was hard at first, but she adjusted well and graduated from her high school. In February of 1976, Carolyn returned to Wakefield. On April 17, Carolyn was officially welcomed home at the AFS Town Reception. The reception also gave the townspeople the chance to meet Genevieve Negre, Wakefield's AFS student, and Elaine Saulnier, AFS returnee from Australia.

The Wakefield High School Soccer Team, under the direction of Coach Dick Kelley and led by Captains Austin Garofalo and Tom Russo, finished the 1975 season with 11 wins and 5 losses. The Booters started out slowly, dropping to a 3-5 mark at the half-way point. They closed the season with a big win over Melrose. Highlights of the season were victories over Stoneham, starting the winning streak, and the defeat of previously unbeaten Belmont. Both of these teams played in the State Tournament. The 11-5 Warrior record fell one game short of qualifying for the EMass. State Soccer Tournament.

The Warrior Basketball squad finished the season with a 19-4 record overall, and 15-3 in league competition and were Middlesex League Co-Champs. This year's squad, led by capt. Tom Russo, was characterized by an excellent defense and provided its fans with many exciting games. Their fine record enabled the Warriors to enter the State Tournament. Here they fell to a fired up Chelmsford team ending a memorable season.

Curiosity is the wick in the candle of learning.

The genuine creator creates something that has a life of its own, something that can exist and function without him. This is true not only of the writer, artist and scientist, but of creators in other fields.

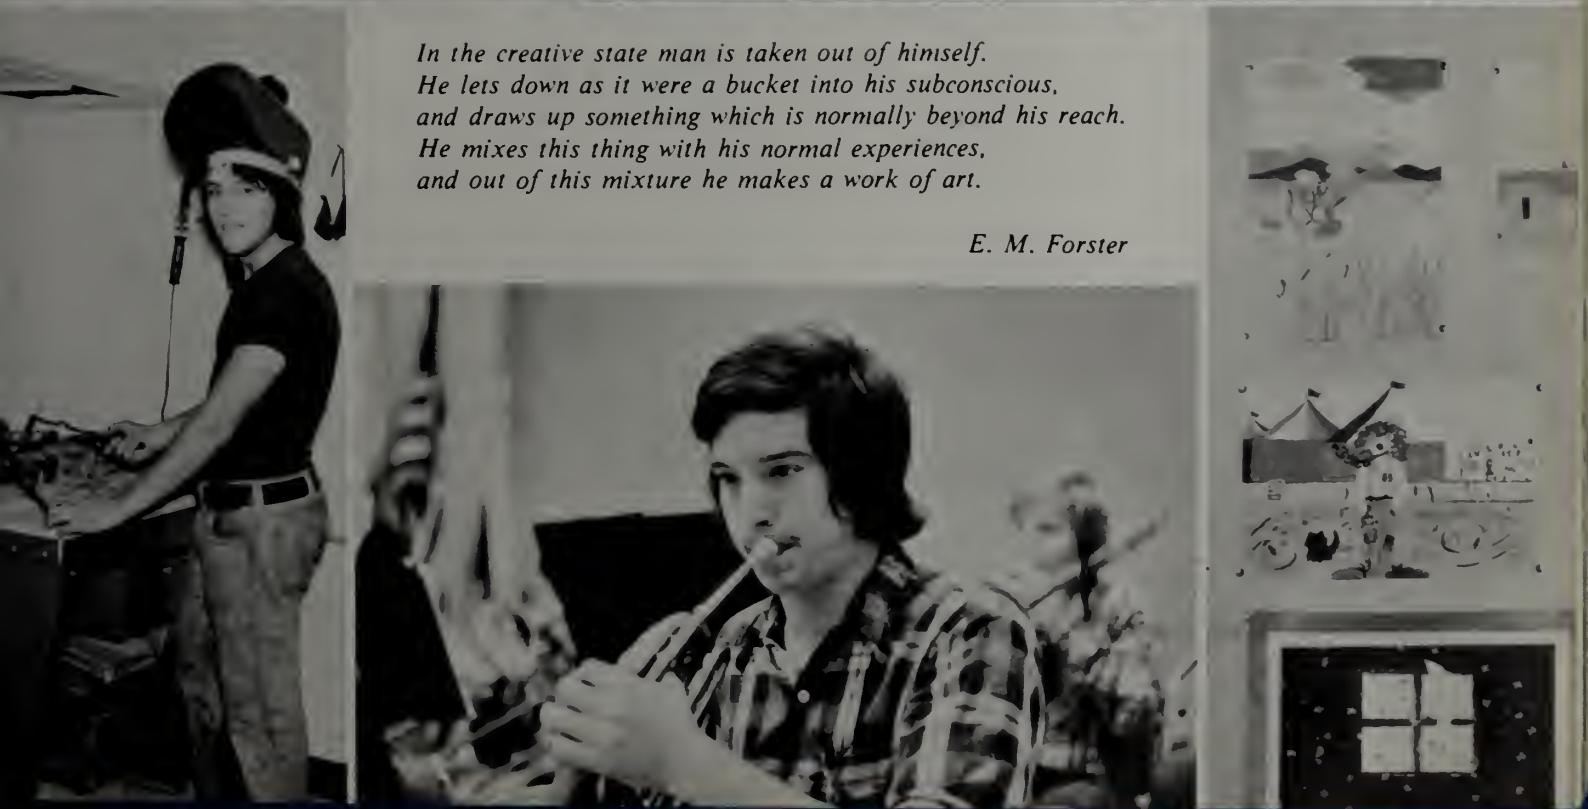

Eric Hoffer

*In the creative state man is taken out of himself.
He lets down as it were a bucket into his subconscious,
and draws up something which is normally beyond his reach.
He mixes this thing with his normal experiences,
and out of this mixture he makes a work of art.*

E. M. Forster

The Portal

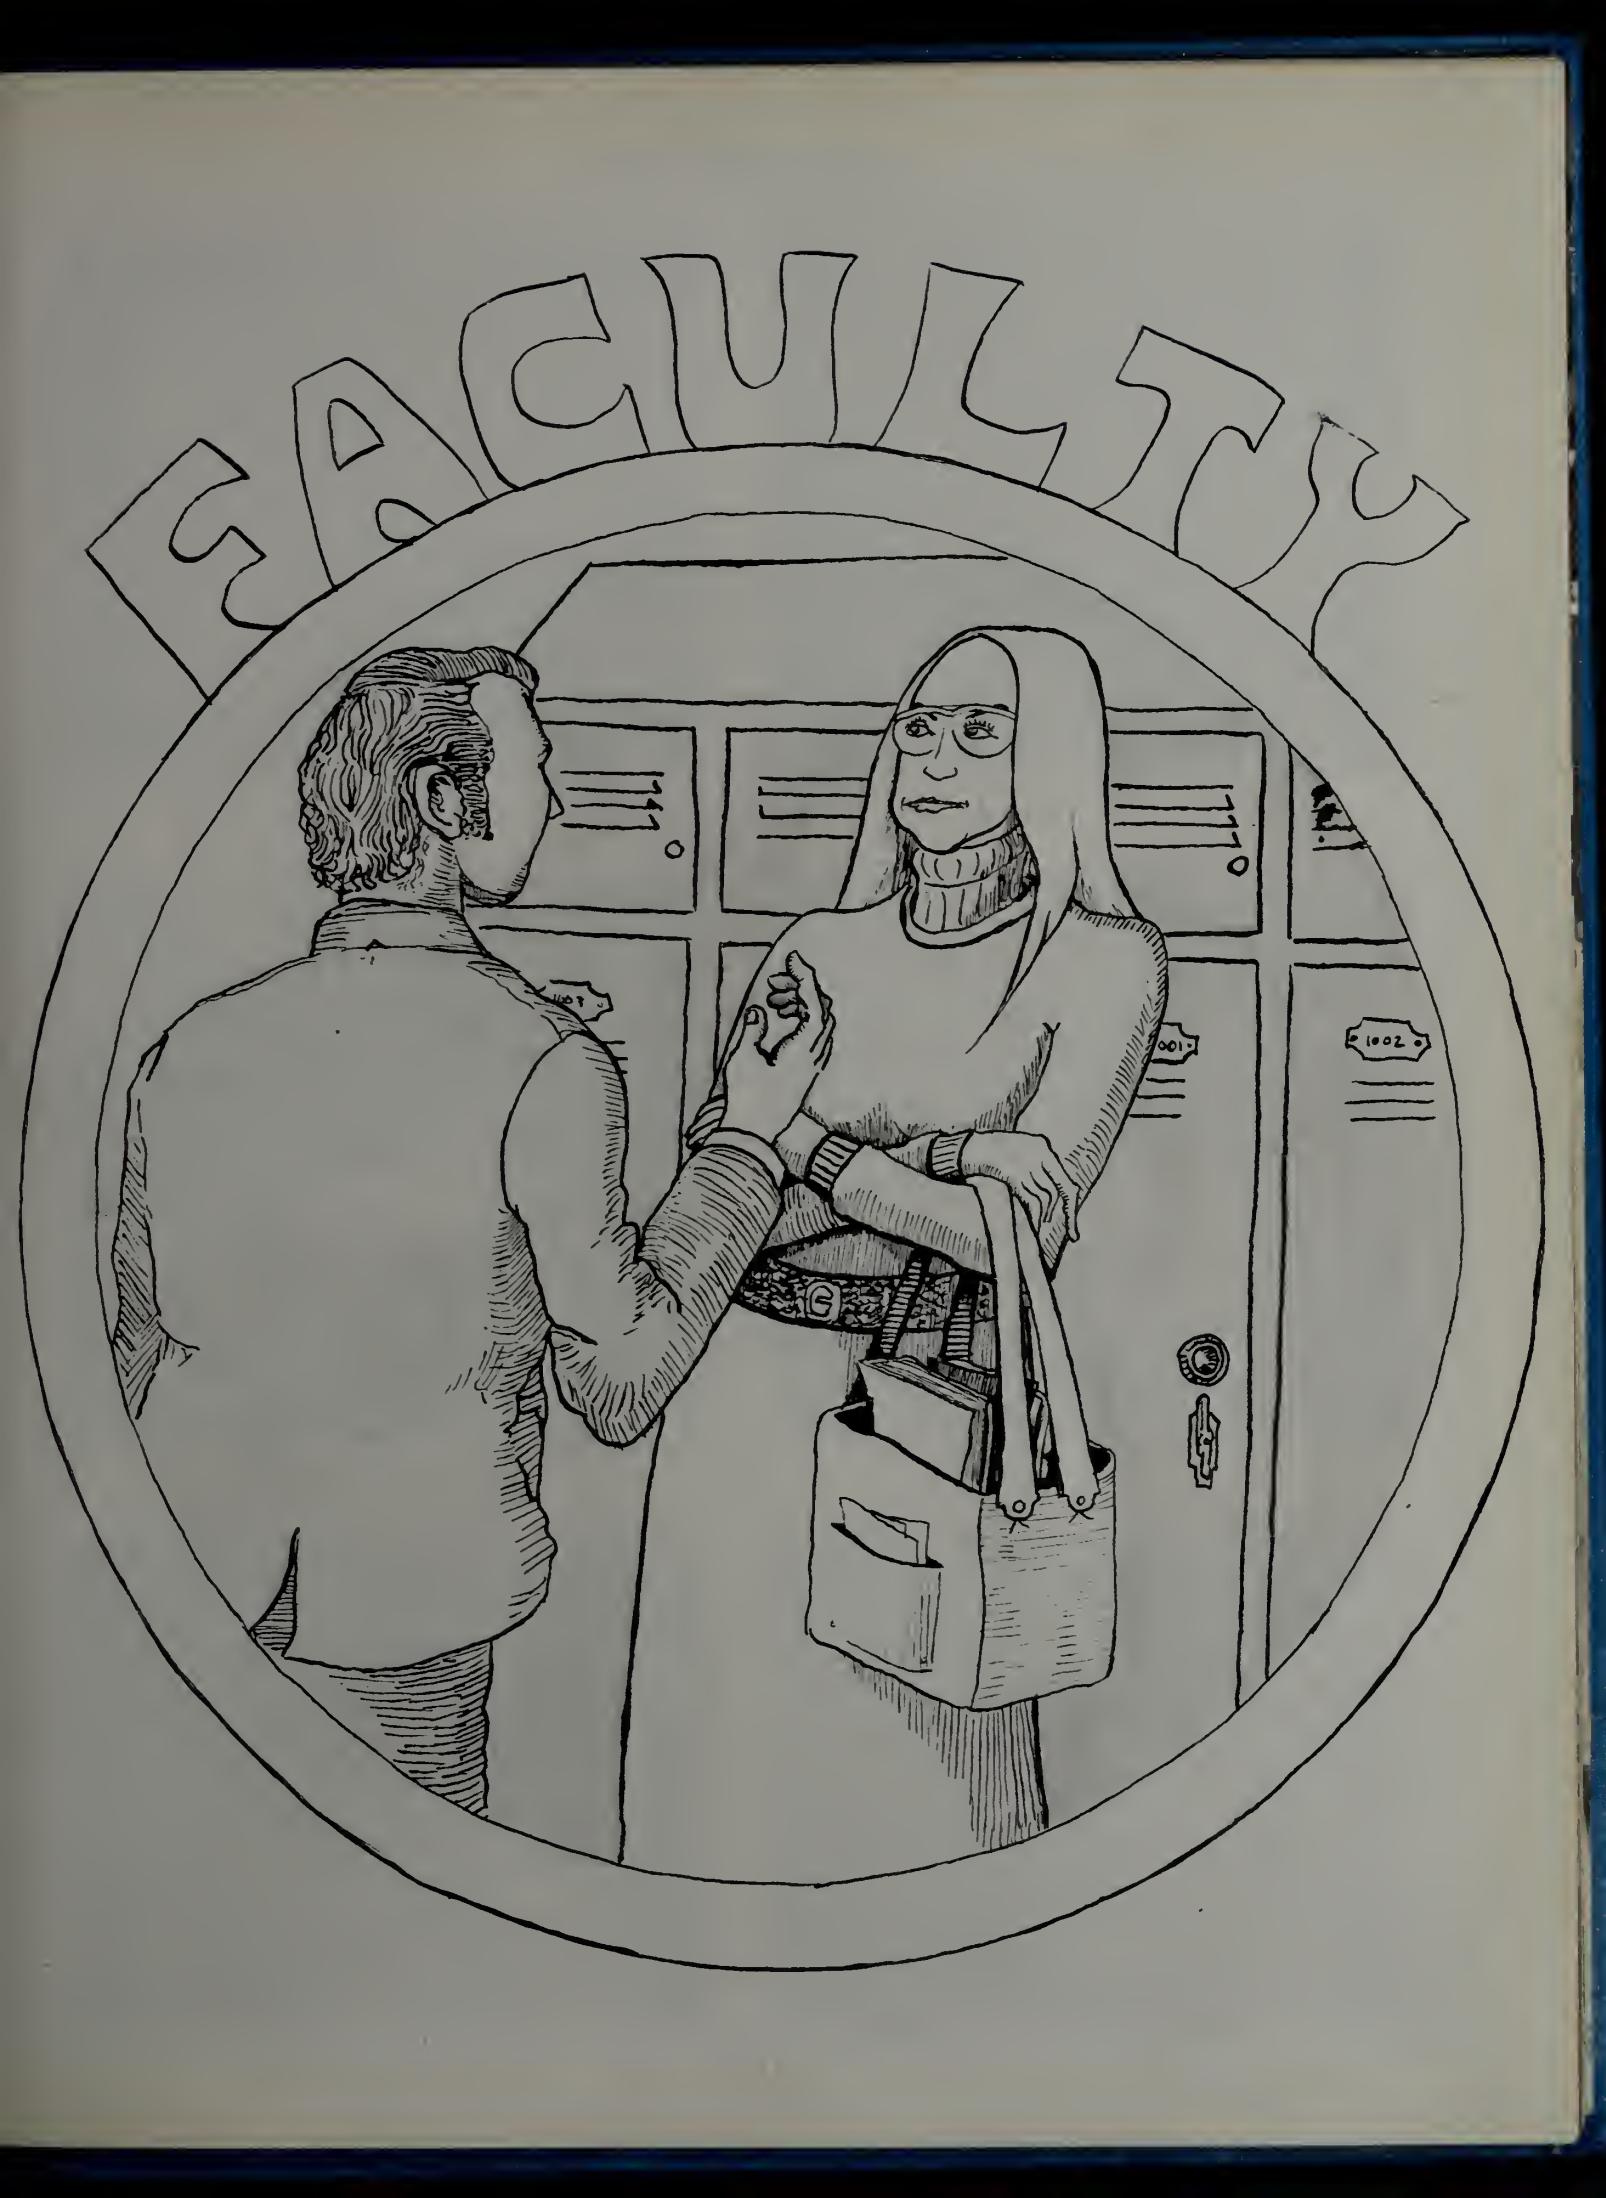

drifting slowly inexorably
a semi-dark room faded posters on the walls
so little time left so soon, so soon
bleak, empty corridors, the walls close in
step-pep step-pep step-pep step-pep

the clocks tell only time since gone
time of fragile hopes and aging dreams.
thoughts crowd round the water fountain,
only to swirl away in the unseen draft frightened wraiths....
no more the new building, the padded floors and grey dividers
that special class, the all-too-human teacher — mellowing, mellowing....
the mist recalls friends and people hurrying, always busy.
Hours and cafe lunches, the bells and intramurals....
cold concrete and steel re-echo teammates' cheers, Finals fears
the familiar joke floats by unheeded as the door clangs shut behind....
the smell of aging plastic.... parched sunlight cakes 'round Fieldbox windows
frigid lecture halls seal up in frost.... the lights dim in the library
behind a worn door no hums escape — the computer rests
the offices are empty, the telephones are still
old Lobby waiting patiently for music that no longer leaks between the band-room doors....

pausing at the Portal of tomorrow, yesterday waits meekly at our side
All that once was.....
memories are a poor receipt for that which we cannot buy.
here we know we stand for one last look at the soil from whence we sprang
the hardened crust, the soft center, the weak branch,
All took root here.....

Tomorrow's flower is only a hope, a dream, nutured on secret sap
perhaps to be devoured by the cruel and small, or shaken by the strong
the winter of Life is harsh, indeed.
and yet, if not, what a blossom could unfold!
delicate of fragrance, strong-stemmed, proud and worthy.
Here, here among the dust and steel
our root took hold
the soil may change, but its essence is eternally remembered.
as we reach for the Portal, we shall not forget
For to forget is to prevent further growth.
And grow we must.

Peopleprotection

That's what we're all about.

To us, Peopleprotection is one word, one idea — the one big reason we're in business.

It's everything we do to help business and people avoid financial worry.

It's safety consultation that helps keep a lot of accidents from happening on the job.

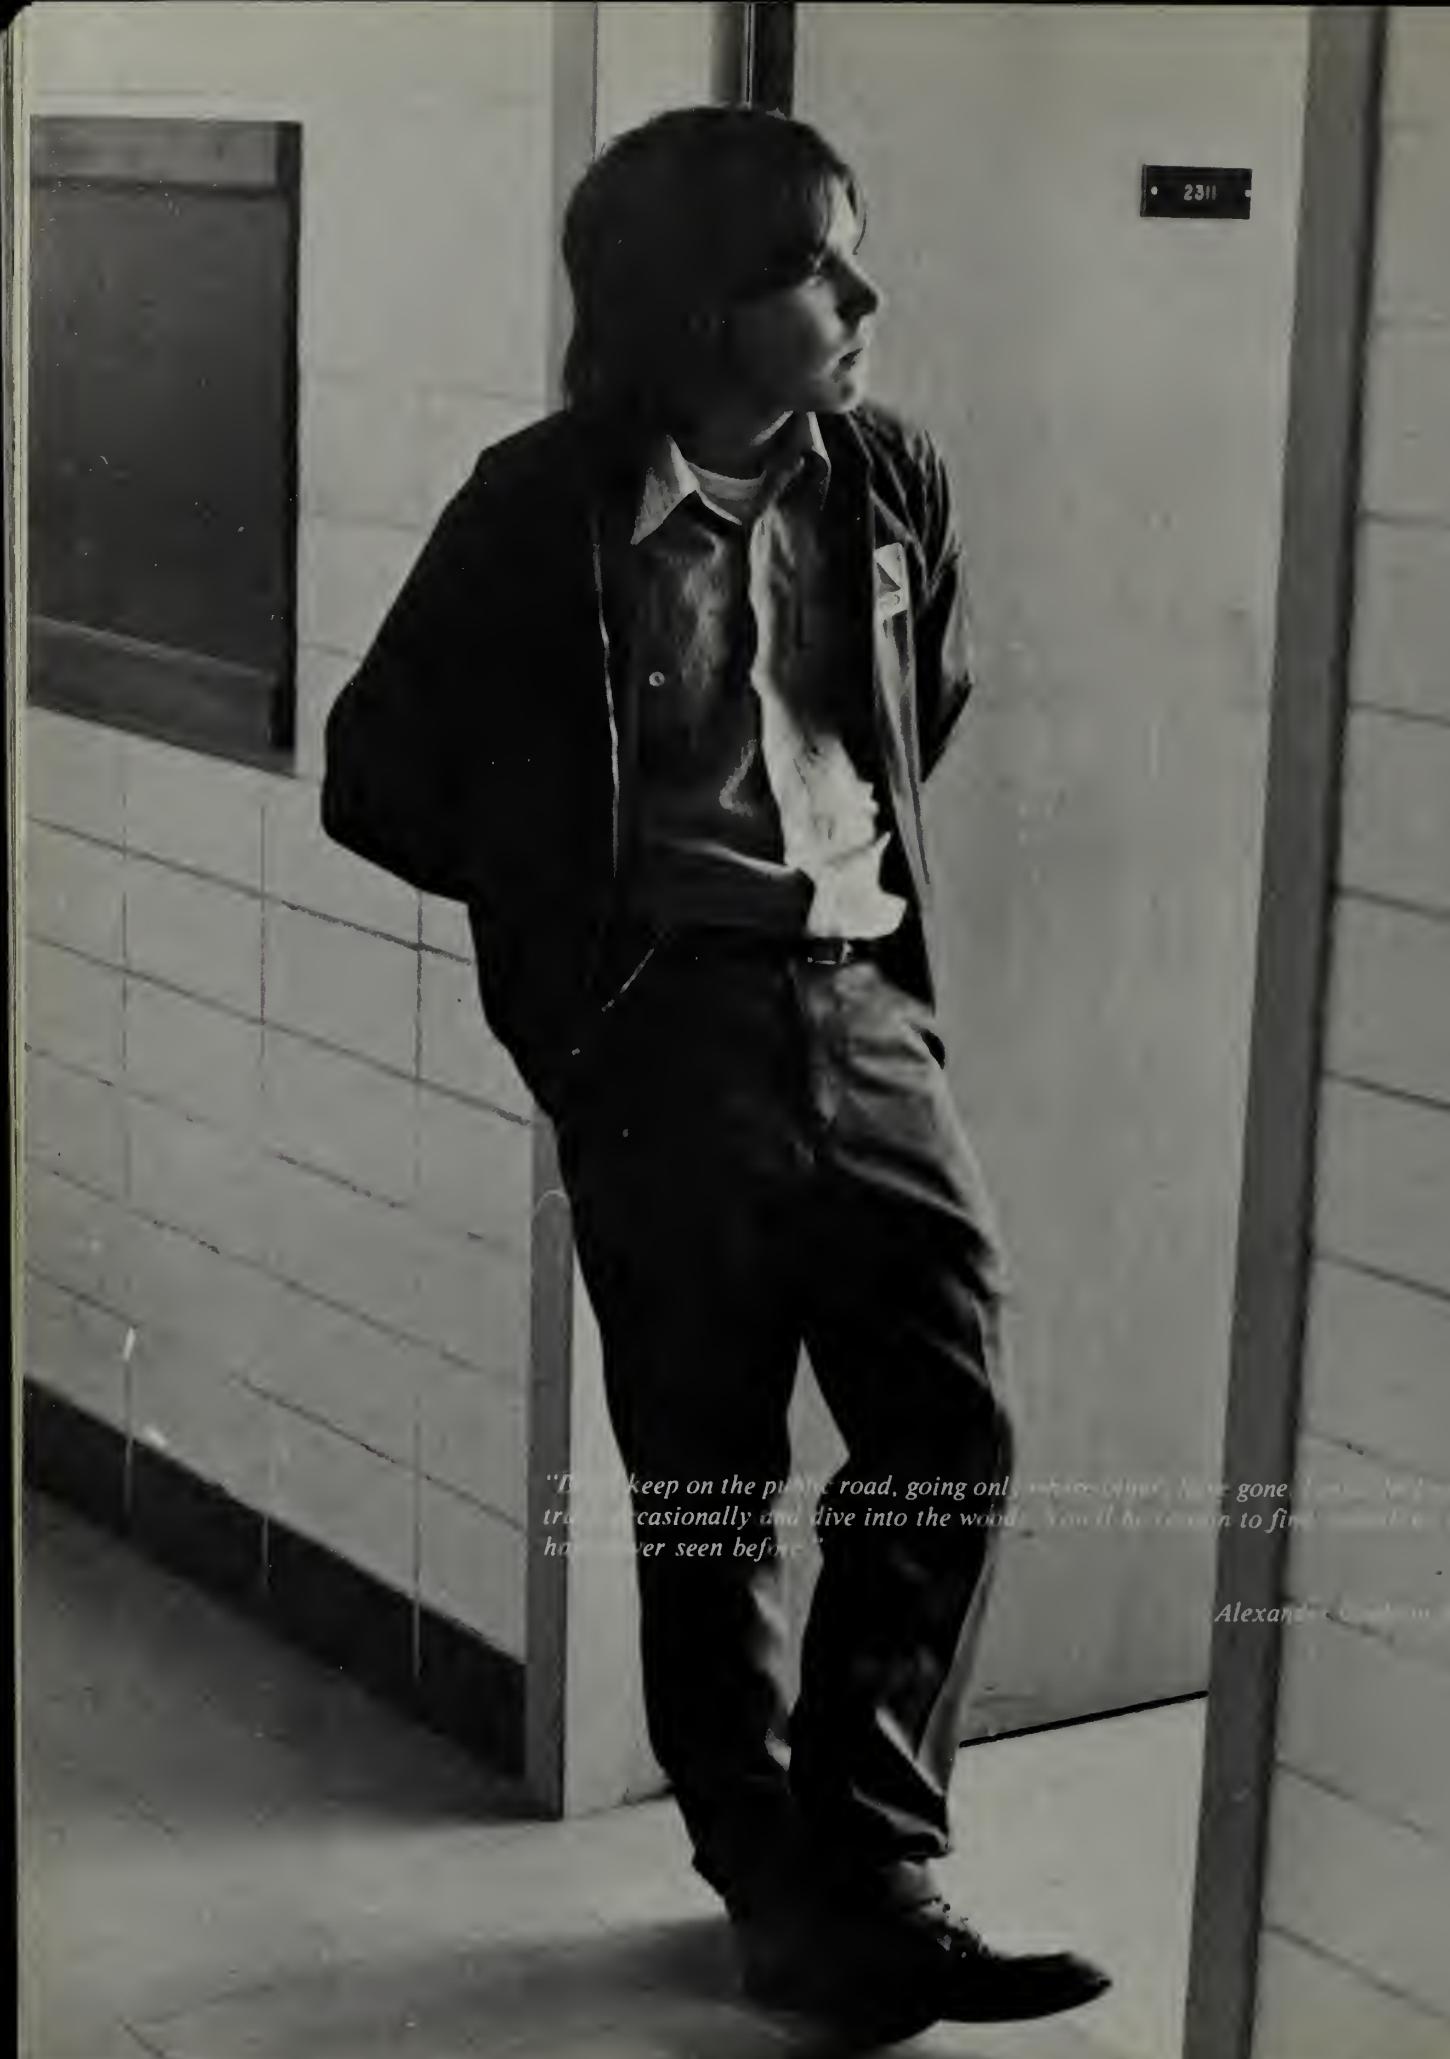

It's providing income that keeps a family going when the breadwinner can't.

It's helping people protect their possessions, secure their way of life and dignify their retirement years.

Peopleprotection. That has been our philosophy since 1887.

SENIOR SUPPLEMENT

Baseball

Michael Bisacre

Peter Mooney

This year, the Boys' Baseball Team posted a league record of 9-9 and an overall record of 11-11. Despite many injuries during the first half of the season, the team, led by Captain Bob Fitzpatrick, completely turned around their half season record of 3-6. Two of the Warriors victories were against the top Middlesex teams from Burlington and Lexington. The team was coached by Larry McShane.

The Warrior trackmen ended the season with a league record of 6-3. With a loss of three of its first four meets, the Warriors, led by Tri-Captains Chet Davis, Kevin Barry, and Bob Wenyon, were undefeated in their last five meets. A highlight of the season was a 74-69 victory over Melrose in a meet that went down to the final relay event.

Girls Track

Coaches Callahan
Lauri Browne, Gina Costantino

The Wakefield High School Girls Track team ended the season with a fine league record of 4-4, 5-4 overall. Under the leadership of Co-captains Gina Costantino and Lauri Browne, the team made it a particularly good year by showing their enthusiasm and team spirit throughout the season. Coaches Martha Callahan and Martin Callahan thought that this season was one of the best that the team has ever experienced.
